

# IKRAM BOUSSIF

Tunis, Tunisia ☎ (+216) 55687417 @ ikram.boussif.tn@gmail.com 🔗 linkedin.com/in/ikram-boussif

With 2 years of experience in front end development, I specialize in developing high-performance web applications using Angular. Passionate about designing dynamic user interfaces and delivering quality solutions that enhance the digital experience.

## EXPERIENCE :

### ALGEBRA SYSTEMS

Tunis, Tunisia

May 2023 – Present

*Front End developer*

- Improved user satisfaction by optimizing real-time chat performance and implementing intuitive notifications, ensuring timely and efficient communication.
- Participated in the development of a dashboard system that offers users a visual representation of different operations.
- Developed functionalities for service cost estimation and billing management.
- Improved code quality and maintainability by implementing SonarQube and SonarLint, leading to a 25% decrease in load times and enhancing overall application performance.
- Designed and implemented user-centric features to store custom search filters and display preferences.
- Participated in the migration process from Angular 14 to Angular 18, including the creation of technical documentation and code cleanup.

**Technical Environment:** Angular 14, Angular 18, TypeScript, RxJS, HTML5, CSS3, PrimeNG, Git, GitHub, MySQL, REST API, SonarQube, SonarLint

### MIND AND GO

Perpignan, France

March \_October 2022

*End of studies project*

- Designed and implemented a web application from scratch using Angular, with a focus on reusable components and maintainable code for one of the company's flagship products 'Datacup'.
- Participated in resolving various related issues including backend Spring Boot, infrastructure deployment, and offline challenges.

**Technical Environment:** Angular 13, TypeScript, RxJS, HTML5, CSS3, Bootstrap, Chart.js, REST API, Git, GitLab, Jenkins, Nexus

### PIXEMANTIC

Tunis, Tunisia

July \_September 2021

*Academic Internship*

- Designed and developed a website that offers consulting and sales services for plant-based biotherapeutic products using Spring Boot and Angular.

### ARAB TUNISIAN BANK

Tunis, Tunisia

February \_May 2019

*End of studies project*

- Created a mobile banking application using Android Studio.
- Implemented account, card, and checkbook management features, including authentication, transfers, balance consultation, and credit simulation.

### GAFSA PHOSPHATE COMPANY

Gafsa, Tunisia

July \_August 2018

*Summer Internship*

- Contributed to web application projects in the Java ecosystem within the IT Management Department using Spring Framework, Hibernate, and Maven.

## EDUCATION :

### PRIVATE HIGHER SCHOOL OF ENGINEERING AND TECHNOLOGY (ESPRIT)

Tunis, Tunisia

*Engineer's Degree, Major in Software Engineering*
